BEACH OLYMPICS (IG) (RBR)

\$200

per team

Pick *three* of the following events for your chance at the gold! Teams of 4 - 6 participants, minimum of 2 teams. Time frame is based on number of teams. Count Down To Win It will be used for indoor backup.

- ▶ **Aqua Blast** - Each team has a giant slingshot that shoots water balloons. Team members work together to shoot the balloons into a plastic baby pool held by other team members. The team with the most catches wins.
- ▶ **Tug-O-War** - Put your group through this vigorous test in this Beach Olympic Classic. Teams go face-to-face and attempt to pull the other team across the designated marker.
- ▶ **Obstacle Course** - This relay event will match speed with agility and coordination. On signal, the individual will complete the tasks and run to the opposite end and tag their teammate. This will continue until all members complete the course. Obstacles may include hurdles, hula hoops, jump rope, and other surprises. The team with the fastest time winds.
- ▶ **Land Skiing** - A group of 6 to 8 people must stand on two long boards with one foot on each board. As a team, they must travel from point A to point B on their land skis.
- ▶ **Fire Brigade** - Each team is given a bucket with several holes in it. Using this bucket, one team member at a time will run to the surge of the Gulf and scoop up water. They then must run back, pour the water into their team's bucket, and pass the bucket off to the next person. The team that has the most water in their bucket in the designated time limit wins.
- ▶ **Balloon and Body Relay** - A balloon is placed between two members' bodies. Without using their arms or hands to hold the balloon in place, they must run to the finish line where they pass off the balloon to their awaiting teammates, again without using their arms or hands. The team with the fastest time wins.
- ▶ **Egg Toss** - How do you like your eggs? Hopefully, you like them to travel flawlessly through the air and not smash all over your partners' face. Everyone participates in pairs to have a chance to win their team a bunch of points by tossing eggs back and forth, slowly moving further and further apart!

TEAM BUILDING CHALLENGE COURSE

3 Events (IG) (RBR)

\$300

Additional

\$50 each

These challenges necessitate working as a team and using your strength, brains, wits and guts. Remember: there is no "I" in team! The time frame is based on challenges and the number of participants. Recommended for teams of less than 50 guests.

▶ **All Aboard** *between 30 - 45 minutes*

This activity requires working together in close physical proximity in order to solve a practical but physical problem. Simply move your entire team to 3 different platforms using only 2 planks of wood. Did we mention the platforms get smaller? And, if the wood hits the ground, you lose it!

▶ **Human Knot** *between 30 - 45 minutes*

This activity promotes problem solving and communication. Each team will stand in a circle with each person holding one piece of rope. When told, the players must grab one other person's piece of rope and someone must grab theirs. Teams have a given amount of time to untangle themselves back into a circle without letting go of the ropes.

▶ **Minefield** *between 30 - 45 minutes*

A popular, engaging game involving trust and communication. Participants operate in pairs: one person is the voice to their teammate who is blindfolded. The "voice" navigates the "blind" through a minefield of various objects.

▶ **Multi-Way Tug-O-War** *between 30 - 45 minutes*

This is mostly about tactics, with some strength, to win. Teams will pull the rope until one team pulls their side over the finish line.

▶ **Pipeline/Gutterball** *between 30 - 45 minutes*

This group problem-solving and communication exercise involves moving marbles from pipe to pipe into a bucket at the end of the line.

▶ **Turning Over A New Leaf** *between 30 - 45 minutes*

In this challenge, the entire team must be standing on a tarp or sheet. They must completely turn over the tarp with no one stepping off the material. If anyone touches anything other than the material at any time, the team must start over.

BREAK OUT SESSIONS

BREAKOUT SESSIONS (IG) (RBR) \$200

between 30 - 45 minutes

3 Sessions

Breakout sessions are brief, 5 to 10 minute activities done inside the meeting room, to break the ice, re-energize, and get to know each other.

► **Name That Person** - Individuals are separated into two teams, each person on the team is given a note card and asked to write down 5 little known facts about themselves. The cards are then thrown into a pile on the floor. Each team draws one card at a time from the opposing team's card pile. They read the first clue and, if they correctly guess who it is on the first clue, they score 5 points. If not, they then read the second clue for 4 points, then the third clue for 3 points, etc. The team with the most points wins!

► **Toss The Topic** - Toss our beach ball around the room to get the conversations going! Whichever topic your hand lands on, get to chatting! Anything from naming your favorite vacation spot to your favorite ice cream. May have multiple rounds.

► **Backwards Clump** - Individuals pair up with a partner and sit on the floor with their legs out in front of them and their arms linked. On "go" they must try and stand up. Those 4 players then sit on the floor and try to stand up as a team. Group continues this until the entire group is linked and trying to stand up together.

► **Marshmallow Catch** - Pairs will be formed. One individual is the catcher and the other is the pitcher. The pitcher will throw marshmallows at the catcher. The catcher will catch and eat as many marshmallows as they can in 30 seconds.

► **Purses, Pockets and Wallets** - Teams of 6 are formed. Teams are allowed to ONLY search their purses, pockets and wallets to find the items named. The first person to bring the called item receives a point for their team. Team with the most items/points wins.

► **Zoom** - Teams of 6 compete to be the first to properly identify the zoomed-in image shown on a screen. If a team properly guesses correctly right away, 5 points will be awarded. If not, then a larger view appears for 4 points, then a larger view for 3 points.
